

# Woodlot Education Newsletter

Vol 3, Number 2, Summer 2003

The goal of this newsletter is to inform landowners who have taken our woodlot management home study modules about upcoming woodlot educational events, and new publications.

## Home Study Modules

Please remember as you work through your modules that support is available by phone, fax or email.

## Woodlot News

☞ The Woodlot Owner Conferences were a huge success!! Three conferences were held this past Spring that were organized by such partners as DNR, Nova Forest Alliance, Regional Development Authorities, and members of forest industry. More than 450 people attended these events to learn about what was going on in forestry in their area. Next spring will see more of these conferences!

☞ Chainsaw safety courses were held in three locations earlier this year. A total of 47 students had

the benefit of certified instructors. Other technical courses will take place in early 2004. Suggestions?

☞ Congratulations to the 2003 Woodlot Owner of the Year Award Winners!! They were selected from 11 nominations received in January.

## Provincial Winner
