RG August 26, 2020

**ORDER IN COUNCIL 2020-219
 Dated August 20, 2020**

The Governor in Council on the report and recommendation of the Minister of Municipal Affairs and Housing dated August 13, 2020, and pursuant to Subsection 19(2) of Chapter 8 of the Acts of 1990, the *Emergency Management Act*, is pleased to approve the further renewal by the Minister of Municipal Affairs and Housing of the state of emergency declared by the Minister under Subsection 12(1) of the *Emergency Management Act* on March 22, 2020 and as previously renewed, as a result of the COVID- 19 pandemic, in the form set forth in Schedule “A” attached to and forming part of the Report and Recommendation, effective at noon on August 23, 2020 until noon on September 6, 2020.

**Schedule "A"
 Renewal of Provincial State of
 Emergency by Minister**

(subsection 19(2) of the *Emergency Management Act*)

Emergency area:

On March 22, 2020 a State of Emergency was declared for all the Province of Nova Scotia.

Nature of the emergency:

The COVID-19 virus, which has caused a pandemic, is in the Province and that event requires prompt coordinated action or regulation for the protection of property and for the health and safety of persons in Nova Scotia.

I am satisfied that an emergency, as defined in clause 2(b) of Chapter 8 of the Acts of 1990, the *Emergency Management Act*, continues to exist or may exist in the Province.

While under a Provincial State of Emergency, I may

require any or all of the actions specifically listed under clauses 14(a) to (m) of the *Emergency Management Act*, or anything else I determine is necessary for the protection of property and the health or safety of persons in the Province.

The Directions issued from March 22, 2020 until today shall continue in place under this renewal unless terminated or changed by me in writing. Further Directions may be issued and posted for the public throughout the State of Emergency.

This renewed Declaration, and the associated Directions, are in addition to and do not replace any Orders issued by the Medical Officer of Health under Section 32 of Chapter 4 of the Acts of 2004, the *Health Protection Act* 2004.

This State of Emergency was previously renewed from April 5 to April 19, from April 19 to May 3, from May 3 to May 17, from May 17 to May 31, from May 31 to June 14, from June 14 to June 28, from June 28 to July 12, from July 12 to July 26, from July 26 to August 9, and from August 9 to August 23, 2020.

With the approval of Governor in Council, I hereby further renew the declaration of a State of Emergency for all of the Province to continue on and after 12:00 pm (noon) on Sunday, August 23, 2020.

If this Declaration is not renewed or terminated earlier, the State of Emergency remains in effect until 14 days after the date and time it is declared, which is until 12:00 pm (noon) on Sunday, September 6, 2020.

Dated August 13, 2020, at Halifax, Nova Scotia,

Hon. Chuck Porter
Minister of Municipal Affairs and Housing

RG August 26, 2020

IN THE MATTER OF: The *Emergency Management Act*, S.N.S. 1990, c. 8

**Direction of the Minister under a
Declared State of Emergency**
(Section 14 of the *Emergency Management Act*)
(20-012)

During the Provincial State of Emergency I declared Province-wide on March 22, 2020, having satisfied myself that it is necessary for the protection of property and the health or safety of persons in the Province, and under the authority provided to me in Section 14 of the *Emergency Management Act*, **effective as of the date of this Order**, I direct as follows:

1. All homes licensed by the Minister of Health and Wellness or the Minister of Community Services under the *Homes for Special Care Act*, as well as their directors, officers and employees, are not liable for damages resulting, directly or indirectly, from an individual being, likely being or put at risk of being infected with SARS-CoV-2 (COVID-19) on or after the date of this Order as a result of such nursing home, residential care facility, director, officer or employee operating under or providing services under the *Homes for Special Care Act* if, at the relevant time:
 - a. they were doing so, or reasonably believed they were doing so, in accordance with the *Homes for Special Care Act*, the *Homes for Special Care Regulations* and all applicable government orders and guidance, including emergency and public health orders and guidance, and
 - b. they were not grossly negligent.

Please note that this Direction is in addition to any requirements established in a Medical Officer's order under the *Health Protection Act*, and any other Directions issued under the *Emergency Management Act*.

This Direction will remain in place for the duration of the Provincial State of Emergency, including any renewal periods made by the Minister and approved by Governor in Council under Section 19 of the *Emergency Management Act*, unless it is terminated in writing earlier.

DATED August 20, 2020.

Hon. Chuck Porter
Minister of Municipal Affairs and Housing

RG August 26, 2020

IN THE MATTER OF: The *Emergency Management Act*, S.N.S. 1990, c. 8

**Direction of the Minister under a
Declared State of Emergency**
(Section 14 of the *Emergency Management Act*)
(20-011)

Under my authority in Section 14 of the *Emergency Management Act*, I order that this Direction (20-011) repeal and replace the Direction (20-007) regarding village commissions issued on May 26, 2020.

During the Provincial State of Emergency declared on March 22, 2020, and under the authority provided to me in Section 14 of the *Emergency Management Act*, in

addition to any other directives I have issued and not repealed or otherwise terminated, I direct that, effective upon signature of this Direction:

1. In this Direction, "Health Protection Order" refers to the Restated Order of the Chief Medical Officer of Health under s.32 of the *Health Protection Act*, as amended from time to time.
2. A village commission is permitted to hold a meeting of electors and an election of village commissioners during the State of Emergency, on the condition that all applicable requirements of the Health Protection Order can be followed during the meeting and election.
3. If a meeting of electors and election of village commissioners cannot be held while following the applicable requirements of the Health Protection Order or if, in the discretion of the village commission, it is preferable not to proceed with a meeting and election during the State of Emergency, the village commission may continue to postpone a meeting of electors and election of village commissions, provided that a meeting of electors is held within a period of 90 calendar days after the last date of the State of Emergency.
4. The following provisions will continue to apply, whether a meeting of electors originally postponed under Direction 20-007 is rescheduled to be held during or after the State of Emergency:
 - a. When a postponed meeting is rescheduled, notice of the date, time and place of the rescheduled meeting must be given in the manner and with the amount of advance notice which would have been required for the meeting if it had not been postponed.
 - b. If a village commission has not, by by-law, provided for the village commissioners to be elected on a day within one week following the annual meeting of the village commission, the election of village commissioners is postponed to the date of the rescheduled annual meeting.
 - c. If a village commission has, by by-law, provided for the village commissioners to be elected on a day within one week following the annual meeting of the village commissioners, the election of the village commissioner is postponed to such date as may be established by the village commission by resolution, which must be within one week following the rescheduled annual meeting.

- d. If a village commission has, by by-law, provided for the nomination of candidates on a day preceding the day on which the election is to be held, the nomination day is postponed to such date as may be established by the village commission by resolution.
- e. The term of office of a village commissioner holding office as of the May 20, 2020 is extended to the date on which the village commissioner's successor takes office or, if there is no successor, until the date on which the village commissioner's successor would have taken office if there was a successor.
- f. The term of office of a village commissioner elected at a postponed election shall run from the date on which the election would have been held if it had not been postponed.

Please note that these directions are in addition to any requirements established in a Medical Officer's order under the *Health Protection Act*.

A failure to comply with this direction could result in a summary conviction with fines between \$500 to \$10,000 for individuals and up to \$100,000 for a corporation per incident.

This direction will remain in place for the duration of the Provincial State of Emergency unless it is terminated in writing by me earlier.

Department of Fisheries and Aquaculture – Administrative Decisions*Fisheries and Coastal Resources Act, S.N.S. 1996, c. 25*

The Nova Scotia Department of Fisheries and Aquaculture invites members of the public to provide written comment on applications for Aquaculture Licences and Leases. Selected details of the application(s) are as follows, with further information also found at <http://novascotia.ca/fish/aquaculture/public-information/>.

David Kevin Campbell
AQ#1176
Amendment Application

Location: Little Harbour, Pictou County
Type: Marine
Current Size: 2.72 HA
Current Cultivation Method: Bottom cultivation without gear
Current Species: American oyster
Proposed Amendment: Bottom cultivation with gear
Submission Period: August 27, 2020 to September 25, 2020
Summary of Application: Aquaculture Site No. 1175 has been an issued aquaculture site since January 8, 2001. At the time of initial issuance, the Aquaculture Licence and Lease Regulations did not distinguish between different shellfish aquaculture cultivation methods. As part of the 2015 amendments to the Aquaculture Licence and Lease Regulations, Bottom shellfish without gear and Bottom shellfish with gear were defined as separate cultivation methods. As part of a larger initiative to align existing aquaculture methods with the updated regulatory language, the intent of this amendment application is for the applicant to become fully compliant with all relevant regulations and licensing and leasing requirements related to bottom shellfish aquaculture with gear. Such requirements will include marking the site in accordance with Transport Canada requirements. Furthermore, the standard licence and lease documents for shellfish aquaculture sites conducting bottom cultivation with gear allow for continued access to the aquaculture site by the general public for recreational activities; however, the general public are not permitted to carry out American oyster harvest, enhancement of husbandry activities on aquaculture sites.

Please note that this application is being reviewed pursuant to the *Canadian Navigable Waters Act* by Transport Canada. Written comments regarding the effect of this work on marine navigation may be submitted as follows:

1. Online at: <http://cps.canada.ca/> under the Registry/NPP#2007-200833
2. By Mail at: Manager

MacKinnon Harbour Survival Association
AQ#1225
Renewal Application

Location: MacKinnons Harbour, Victoria County
Type: Marine
Size: 3.69 HA
Cultivation Method: Suspended cultivation and Bottom cultivation with gear
Species: American oyster
Proposed Term: 10-year licence/20-year lease
Submission Period: August 20, 2020 to September 18, 2020
Summary of Application: MacKinnon Harbour Survival Association is requesting a renewal of the licence and lease for AQ#1225, which has been an issued aquaculture site since October 2005. AQ#1225 is in waters which are currently MSX positive. AQ#1225 was amended in November 2018 to authorize both suspended cultivation with gear (two cages) and bottom cultivation with gear. The amendment is part of a Research and Development project, seeking to determine whether cultivating oysters in the water column allows the oysters to reach market size prior to succumbing to MSX. This renewal application indicates that the amendment has been implemented, with no further infrastructure changes anticipated.

- Include the name, mailing address, civic address, phone number, and email of the person making the submission;
- Meet the criteria set out in Section 41 of the Aquaculture License and Lease Regulations; and

Written comments may be submitted as follows:

2. By Fax at: 902-875-7429
3. By Email at: Aqua.Admin@novascotia.ca

Please be advised that:

I, Dr. Robert Strang, Chief Medical Officer of Health, **order** the following:

PART I ISOLATION AND QUARANTINE REQUIREMENTS

1. In this Order,

(a) “self-isolate” means the requirement of any person who has COVID-19 to remain separate from others in such places and under such conditions to prevent or limit the direct or indirect transmission of COVID-19; and

(b) “self-quarantine” means the requirement of any person who has been exposed or may have been exposed to COVID-19 during its period of communicability to restrict that person’s activities in order to prevent disease transmission during the incubation period for this disease.

2. Effective July 3, 2020, all persons residing in or present in the Province of Nova Scotia who:

2.1 have travelled outside the Atlantic Provinces or Canada must self-isolate or self-quarantine, as the case may be, in accordance with section 2.4(a) to (d) on the day you return to or enter Nova Scotia, or

2.2 are identified as a close contact of a person who has or has been diagnosed with COVID-19; or

2.3 are identified as a person diagnosed with COVID-19; or

2.4 have been tested for COVID-19 and are awaiting the results of their test must:

(a) self-quarantine or self-isolate, for:

- (i) the period commencing on the day of entry into Nova Scotia, or
- (ii) the first day of close contact, or first day of symptoms, testing, or diagnosis, and continuing thereafter for 14 consecutive days or as directed by a Medical Officer of Health.

For greater certainty, this includes remaining in your residence or residence grounds and otherwise removing yourself from the presence of others in public while you may be infectious during the 14-day period, so that all precautions necessary to protect others are in place. Specifically, do not enter any buildings, public transportation, or other enclosed spaces (other than your residence) where other people are present.

(b) During the 14-day period, conduct yourself in such a manner as not to in any way expose any other person to infection or potential infection from COVID-19, and follow all infection control instructions given to you on the Government of Nova Scotia's website, at: <https://novascotia.ca/coronavirus/>, or given to you by Telehealth 811 staff, public health staff or any other staff of a healthcare facility to which you may seek or receive treatment.

(c) After the 14-day period in section 2.4(a.) has lapsed, you may cease self isolation or self quarantine if you do not exhibit symptoms of COVID-19.

(d) All persons are encouraged to contact Public Health via Telehealth 811 should you exhibit symptoms of COVID-19.

2.5 Notwithstanding section 2.1, persons who are well and showing no symptoms of COVID-19 may enter Nova Scotia for the purposes of facilitating child sharing between parents under an order or agreement providing for joint custody, and in such instances, both the persons facilitating custody and children showing no symptoms of COVID-19 are exempt from the requirement to self-quarantine or self isolate.

2.6 Notwithstanding section 2.1, individuals who are well and showing no symptoms of COVID-19 and are engaged in a legal proceeding in Nova Scotia, whether the accused, victim, witness or party in such proceeding, may enter Nova Scotia for participation in the legal proceeding if the person:

2.7 An employer or contractor of any Temporary Foreign Worker entitled to enter Nova Scotia pursuant to the Federal Order in Council 2020-0184, 2020-0185 and Interim Order No.3, must first, before the Temporary Foreign Worker enters Nova Scotia, satisfy me, as Chief Medical Officer of Health, that the employer or contractor has made adequate provision for compliance with:

- (a) the federal quarantine rules applicable to the Temporary Foreign Worker; and
- (b) the self-quarantine requirements set out in section 2.4 of this Order.

2.8 In addition, the employer or contractor and the Temporary Foreign Worker must, for the duration of the entire work period in Nova Scotia:

- (a) adhere to all applicable terms and conditions of this Order; and
- (b) comply with any direction issued by me, as Chief Medical Officer of Health, or a Medical Officer of Health with respect to the Temporary Foreign Worker and their employment in Nova Scotia.

2.9 Notwithstanding section 2.1, persons who are required to travel to Nova Scotia for essential health services and one accompanying support person are exempt from the requirement to self-isolate or self-quarantine.

2.11 Effective August 20, 2020, all students arriving in Nova Scotia from outside the Atlantic Provinces to study at a public post-secondary institution must:

- (i) for greater certainty, adhere to the self-isolation or self-quarantine requirements set out in section 2; and
- (ii) participate in mandatory testing for COVID-19 in accordance with direction established by the Chief Medical Officer of Health, located at: <https://novascotia.ca/coronavirus/education/>.

2.12 Effective August 20, 2020, every public post-secondary institution and the administrator thereof must take all reasonable steps to ensure that any student referred to in sections 2.10 or 2.11 who is attending their respective public post-secondary institution complies with the requirements set out therein.

3. Workers who are essential to the movement of people and goods, and who must enter Nova Scotia as part of their duty requirements, are exempt from the requirement to self-isolate or self-quarantine set out in section 2.1, particularly:
