AND WHEREAS Section 32 of the *Health Protection Act* states:

32 (1) Where a medical officer is of the opinion, upon reasonable and probable grounds, that:

the medical officer may by written order require a person to take or to refrain from taking any action that is specified in the order in respect of a communicable disease.

WHEREAS COVID-19 has been identified as a communicable disease that presents a risk to public health as defined under s.4(b) of the *Health Protection Act*, and;

WHEREAS I am the Chief Medical Officer of Health for the Province of Nova Scotia and am of the opinion, upon reasonable and probable grounds, that

- (a) a communicable disease (COVID-19) exists; and that there is an immediate risk of an outbreak of the communicable disease;
- (b) the communicable disease presents a risk to the public health; and
- (c) the requirements specified in the order are necessary to decrease or eliminate the risk to the public health presented by the communicable disease, and;

WHEREAS as the Chief Medical Officer of Health, I have determined it necessary to issue this Order to the Class of Persons to decrease the risk to public health presented by COVID-19.

Please be advised that:

I, Dr. Robert Strang, Chief Medical Officer of Health, **order** the following:

PART I ISOLATION AND QUARANTINE REQUIREMENTS

1. In this Order,

- (a) “self-isolate” means the requirement of any person who has COVID-19 to remain separate from others in such places and under such conditions to

prevent or limit the direct or indirect transmission of COVID-19; and

(b) “self-quarantine” means the requirement of any person who has been exposed or may have been exposed to COVID-19 during its period of communicability to restrict that person’s activities in order to prevent disease transmission during the incubation period for this disease.

2. Effective 8:00a.m. April 15, 2021, all persons residing in or present in the Province of Nova Scotia who:

2.1 have travelled outside Nova Scotia, Newfoundland and Labrador, or Prince Edward Island, or reside in the same household of a person who has travelled outside these provinces; or

2.2 are identified as a close contact of a person who has or has been diagnosed with COVID-19; or

2.3 are identified as a person diagnosed with COVID-19; or

2.4 have been tested for COVID-19 due to the presence of symptoms or as directed by public health and are awaiting the results of their test,

must:

(a) self-quarantine or self-isolate, for:

(i) the period commencing on the day of entry into Nova Scotia, and continuing thereafter for 14 consecutive days or as directed by a Medical Officer of Health, or

(ii) the first day of close contact, or first day of symptoms, testing, diagnosis, and continuing thereafter for 14 consecutive days or as directed by a Medical Officer of Health.

For greater certainty, this includes remaining in your residence or residence grounds and otherwise removing yourself from the presence of others in public while you may be infectious during the 14-day period, so that all precautions necessary to protect others are in place. Specifically, do not enter any buildings, public transportation, or other enclosed spaces (other than your residence) where other people are present.

(b) During the 14-day period, conduct yourself in such a manner as not to in any way expose any other person to infection or potential infection from COVID-19, and follow all infection control instructions given to you on the Government of Nova Scotia’s website, at: <https://novascotia.ca/coronavirus/>, or given to you by Telehealth 811 staff, public health staff or any other staff of a healthcare facility to which you may seek or receive treatment.

(c) After the 14-day period in section 2.4(a.) has lapsed, you may cease self isolation or self quarantine if you do not exhibit symptoms of COVID-19.

(d) All persons are encouraged to complete the online assessment tool should you exhibit symptoms of COVID-19.
