Whereas the purpose of the *Petroleum Products Pricing Regulations* is to ensure just and reasonable prices for specified petroleum products taking into consideration the objectives of preserving the availability of such products in rural areas, stabilizing prices of such products and minimizing the variances in prices of such products across the Province;

And whereas the Nova Scotia Utility and Review Board (“Board”) considered the manner in which it would proceed to set petroleum prices in its decision, 2006 NSUARB 108, issued on October 16, 2006;

And whereas the average of the average of the daily high and low reported product prices (in Canadian cents) for the week ended March 30, 2011, are:

Grade 1 Regular gasoline	76.2¢ per litre
Ultra-low-sulfur diesel oil	80.3¢ per litre

Now therefore the Board prescribes the benchmark prices for petroleum products to be:

Gasoline:	
Grade 1	76.2¢ per litre
Grade 2	79.2¢ per litre
Grade 3	82.2¢ per litre
Ultra-low-sulfur diesel oil	80.3¢ per litre

And now therefore the Board has determined, based on historical data regarding price changes and to achieve revenue neutrality, it is appropriate to apply, and the Board so orders, forward averaging corrections of:

Gasoline:	plus 1.4¢ per litre
Ultra-low-sulfur diesel oil:	plus 1.0¢ per litre

And whereas a winter blending adjustment of plus 0¢ per litre is required for ultra-low-sulfur diesel oil;

And now therefore the Board prescribes the prices for petroleum products as set forth in Schedule “A” effective on and after 12:01 a.m., April 1, 2011.

Dated at Halifax, Nova Scotia, this 31st day of March, 2011.

Clerk of the Board

Amendments to the Regulations regarding the
Nova Scotia Teachers' Pension Plan and Disability Pensions

Section 13 – Maximum service pension

Delete current 13(1) and replace it as follows:

- 13 (1)** Despite any other provision of the Plan, no service or disability pension shall be payable in an amount that exceeds the maximum permitted for that pension by the *Income Tax Act* (Canada).

Section 16 – Calculations

Delete current 16(2) and replace it as follows:

- 16 (2)** Subject to subsection 16(3), a total disability pension shall be calculated as the greater of the following:
- (a) the unreduced service pension that would be payable to the member under clause 12(1)(a) based on pensionable earnings and pensionable service to the date of commencement of the total disability, and
 - (b) the lesser of the following:
 - (i) the Y.M.P.E. in the year of disability retirements; and
 - (ii) the unreduced pension that would be payable to the member under clause 12(1)(a) at age 65 assuming the member continued in employment to age 65 at the same rate of pensionable earnings.

Add 16(3), (4) and (5) as follows:

- 16 (3)** Notwithstanding the foregoing, the total disability pension paid pursuant to subsections 15(1) and (2) shall not exceed 2% of the average of the member's best 5 years of annualized pensionable earnings multiplied by the member's number of years of pensionable service.
- (4)** If the total disability pension calculated under subsection 16(2) is less than the cap under subsection 16(3), a bridge benefit equal to the difference shall be payable from commencement of the total disability pension until attainment of age 65.
- (5)** For greater certainty:
- (a) a member receiving a total disability pension calculated under subsection 16(2) or 16(3) is not eligible to receive the bridge benefit described in clause 12(1)(b);
 - (b) subject to subsections 19(4), (5) and (6), for purposes of determining benefits payable under Part VII on the death of a member in receipt of a total disability pension calculated under subsection 16(2) or 16(3), references to service pension in Part VII shall be deemed to include references to the total disability pension calculated under subsection 16(2) or 16(3);

- (c) the benefits of a member in receipt of a partial disability pension calculated under subsection 16(1) shall be based on the integrated formula described in subsection 12(1) and no portion of the disability benefit attributable to the bridge benefit described in ~~subsection~~ [clause] 12(1)(b) shall be payable following the member's attainment of age 65.

Section 17 – Rules and Procedures

Add the following:

- 17 (7)** (a) Notwithstanding Section 14, a partial disability pension shall not be granted to any member who, at the date of application for a partial disability pension, is entitled to an unreduced service pension under Section 7 or subsection 9(1).
- (b) Notwithstanding subsection 15(1), a total disability pension shall not be granted to any member who, at the date of application for a total disability pension, is entitled to a unreduced service pension under Section 7 or subsection 9(1).

Amend – 17(4) into three parts

- 17 (4)** (a) The Plan administrator in his/her sole discretion may require any information, in addition to the reports specified in subsection (3), to substantiate an application for disability pension.
- (b) Members shall provide to the Plan administrator such medical reports and participate in such independent medical assessments as may be required in the absolute discretion of the administrator at least biannually, or more frequently as the Plan administrator may request. Such reports must be duly completed by a medical doctor licensed to practise in Canada, and must be provided up to the date the member attains age 65 as a condition for the continuation of a disability pension. The medical report shall be in the form and contain the information necessary, as determined by the Administrator. The report must provide a confirmation of whether the member is able to perform the regular duties of his employment, and shall include information to assist in the accommodation of the member in the workplace, as relevant.
- (c) If a person fails to provide all the necessary information required by the Plan administrator under clause (3)(a) or 4(b), on a timely basis and in the form and manner specified by the Plan administrator, payment of a disability pension may be delayed, suspended or denied.

Section 19 – Calculation of survivor pension

Add 19(4), (5) and (6) as follows:

- 19 (4)** Where a pensioner in receipt of a total disability pension calculated under subsection 16(2) or 16(3) dies before reaching age 65, the amount of a survivor pension payable to a spouse, child or dependant shall be based on the amount of the service pension that would have been in payment at the time of the deceased pensioner's death if it had been calculated under subsection 12(1) at the date of retirement rather than under subsection 16(2) or 16(3), and on the date the deceased pensioner would have reached age 65, the amount of the survivor pension shall be adjusted to reflect the cessation of the portion of the bridge benefit that would have been provided under clause 12(1)(b) from the deceased pensioner's earned pension in respect of service on and after January 1, 1992.
- (5)** Where a pensioner in receipt of a total disability pension calculated under subsection 16(2) or 16(3) dies on or after reaching age 65, the amount of a survivor pension payable to a spouse, child or dependant shall be based on the amount of the service pension that would have been in payment at the date of the death of the pensioner if it had been calculated under subsection 12(1) at the date of retirement rather than under subsection 16(2) or 16(3).

- (6) Notwithstanding the foregoing, survivor pensions in pay as of April 1, 2011, where the disabled member would have been over 65 years of age as at that date, shall not be recalculated or adjusted except to the extent necessary to ensure compliance with the *Income Tax Act* (Canada), as described in subsection 18(1).

Prescribed Petroleum Products Prices

Order dated April 7, 2011
made by the Nova Scotia Utility and Review Board
pursuant to Section 14 of the *Petroleum Products Pricing Act*
and Sections 16 to 19 of the *Petroleum Products Pricing Regulations*

Order**NSUARB-GAS-W-11-14****In the Matter of the *Petroleum Products Pricing Act*****- and -****In the Matter of Prescribing Prices for Petroleum Products

Whereas the purpose of the *Petroleum Products Pricing Regulations* is to ensure just and reasonable prices for specified petroleum products taking into consideration the objectives of preserving the availability of such products in rural areas, stabilizing prices of such products and minimizing the variances in prices of such products across the Province;

And whereas the Nova Scotia Utility and Review Board (“Board”) considered the manner in which it would proceed to set petroleum prices in its decision, 2006 NSUARB 108, issued on October 16, 2006;

And whereas the average of the average of the daily high and low reported product prices (in Canadian cents) for the week ended April 6, 2011, are:

Grade 1 Regular gasoline	78.7¢ per litre
