 pursuant to subsection 12(1) of the *Farm Practices Act*

The Governor in Council on the report and recommendation of the Minister of Agriculture dated January 15, 2019, and upon notice of a fee increase having been given in accordance with Section 4 of Chapter 8 of the Acts of 2007, the *Fees Act*, and pursuant to subsection 12(1) of Chapter 3 of the Acts of 1994-95, the *Farm Registration Act*, is pleased, effective on and after April 1, 2019, to

- (a) repeal the *Farm Registration Regulations*, N.S. Reg. 138/95, made by the Governor in Council by Order in Council 95-628 dated August 22, 1995; and
- (b) make new regulations respecting farm registration in the form set forth in Schedule “A” attached to and forming part of the report and recommendation.

Schedule “A”

**Regulations Respecting Farm Registration
 made by the Governor in Council under subsection 12(1)
 of Chapter 3 of the Acts of 1994-95,
 the *Farm Registration Act***

Citation

1 These regulations may be cited as the *Farm Registration Regulations*.

Definitions

2 In these regulations,

“Act” means the *Farm Registration Act*;

“gross farm income” means the gross farm income from the farm business shown on the last income tax return filed with the Canada Revenue Agency;

“registration year” means the period from April 1 to March 31 of the following year.

Farm registration form

- 3 (1)** A farm business or farm operation that reports agricultural income or expenses to the Canada Revenue Agency may register by submitting all of the following to the Registrar no later than March 31 annually:
- (a) a completed farm business registration form in the form determined by the Registrar that includes all of the information required by subsection (2);
 - (b) the applicable annual registration fee in Section 4.
- (2)** A farm business registration form must contain any information the Registrar requires for the purposes of the Act, including at least the following information for the farm:
- (a) full name of each owner;
 - (b) contact information for the farm, including all of the following:
 - (i) name,
 - (ii) civic and mailing address,
 - (iii) for sole proprietorships, social insurance number of the owner;
 - (c) gross farm income;
 - (d) gross farm income percentage by commodity;
 - (e) production units;
 - (f) whether or not the applicant wants to become a member of the Nova Scotia Federation of Agriculture;
 - (g) number of employees.
- (3)** At the discretion of the Registrar, a farm business or farm operation that has not reported income or expenses to the Canada Revenue Agency at the time of registration may be registered after providing proof of farm income satisfactory to the Registrar.

Farm registration fees

- 4** Annual fees for registration are determined by the size of the farm business and are as follows:

Gross Farm Receipts	Annual Fee
under \$29,999	\$175.00
\$30,000 to \$99,999	\$400.00
\$100,000 to \$499,999	\$600.00
\$500,000 to \$999,999	\$850.00
\$1,000,000 or more	\$975.00

- (2) Section 18M of the regulations is further amended by adding the following subsection immediately after subsection (3):
 - (4) The Minister may reduce the 6[-]month requirement in subsection (1).
- 3 The regulations are further amended by adding the following heading and Sections immediately after Section 18Q:

Oil and glycol stewardship program

18R For the purpose of Sections 18R to 18X,

“brand owner” means 1 of the following:

- (i) a person who is the owner or licensee of the intellectual property rights to oil, glycol, oil filters or product containers sold, offered for sale or otherwise distributed in or into the Province,

- (ii) a manufacturer or distributor of oil, glycol, oil filters or product containers sold, offered for sale or otherwise distributed in or into the Province,
- (iii) for oil, glycol, oil filters or product containers imported into the Province, the first person to sell or offer for sale the oil, glycol, oil filter or product containers in the Province;

“glycol” means ethylene or propylene glycol used or intended for use as a vehicle or commercial engine coolant, but does not include any of the following:

- (i) plumbing antifreeze,
- (ii) windshield washer antifreeze,
- (iii) lock de-icer and antifreeze,
- (iv) gasoline and diesel fuel antifreeze;

“oil” means

- (i) petroleum or synthetic derived crankcase oil, engine oil and gear oil, and hydraulic fluid, transmission fluid and heat transfer fluid, or
- (ii) fluid used for lubricating purposes in machinery or equipment;

“oil filter” means

- (i) a spin-on style or element style fluid filter that is used in hydraulic, transmission or internal combustion engine applications, or
- (ii) an oil filter, a diesel fuel filter, a storage tank fuel filter and a household furnace oil filter other than a gasoline filter;

“oil and glycol stewardship program” means a program authorized by the Minister under Section 18U that

- (i) establishes a process for collecting, transporting and recycling used oil, used glycol, used oil filters and product containers, and
- (ii) incorporates the principles of a pollution prevention hierarchy by replacing disposal with reuse and recycling of used oil, used glycol, used oil filters and product containers;

“product container” means a container with a capacity of 50 L or less manufactured for the purpose of holding glycol, oil or diesel exhaust fluid, and includes an aerosol container used to hold a cleaner for automotive parts;

“retailer” means a person who sells or offers for sale to a consumer oil, glycol, oil filters or product containers in the Province;

“return collection facility” means a collection facility that accepts used oil, used oil filters, used glycol and product containers from persons who wish to return them, and that is identified as a return collection facility through an approved oil and glycol

stewardship program;

“used glycol” means glycol that, through use, storage or handling, can no longer be used for its original purpose;

“used oil” means oil that, through use, storage or handling, can no longer be used for its original purpose;

“used oil filter” means an oil filter that, through use, storage or handling, can no longer be used for its original purpose.

- 18S** The Minister may appoint an administrator to administer an oil and glycol stewardship program.
- 18T** (1) Effective on and after January 1, 2020, no brand owner shall sell, offer for sale or distribute oil, glycol, oil filters or product containers in or into the Province unless the brand owner, or an agent of the brand owner, operates an oil and glycol stewardship program in respect of the oil, glycol, oil filters or product containers.
- (2) Effective on and after January 1, 2020, no retailer shall sell or offer for sale to consumers oil, glycol, oil filters or product containers in the Province unless the brand owner, or an agent of the brand owner, operates an oil and glycol stewardship program in respect of the oil, glycol, oil filters or product containers.
- (3) No operator of a return collection facility shall charge a fee for accepting used oil, used glycol, used oil filters or product containers.
- 18U** (1) Subject to subsection (2), no later than July 1, 2019, a brand owner shall submit a proposal for an oil and glycol stewardship program to the Minister for authorization.
- (2) The Minister may extend the deadline in subsection (1) for submission of a proposal.
- (3) On receipt of a proposal for an oil and glycol stewardship program pursuant to subsection (1), the Minister shall
- (a) authorize the program with or without terms or conditions;
- (b) refuse to authorize the program and provide reasons, in writing, for the refusal; or
- (c) request any additional information about the proposed program that the Minister considers necessary.
- (4) Subject to subsection (5), a brand owner whose oil and glycol stewardship program is authorized under clause (3)(a) must operate the program in accordance with the terms and conditions of the authorization.
- (5) A brand owner who submits a proposal under subsection (1) may designate a third party to operate an oil and glycol stewardship program on its behalf.
- 18V** (1) A proposal for an oil and glycol stewardship program must include detailed information about all of the following:
- (a) the management and structure of the program;

- (b) how used oil, used glycol, used oil filters and product containers will be collected, including a list of return collection facilities and their operating hours;
 - (c) the plans for the receipt of used oil, used glycol, used oil filters and product containers and the policies and procedures to be followed by the brand owner;
 - (d) the recycling options for used oil, used glycol, used oil filters and product containers;
 - (e) the quality control and assurance aspects of the program, including tracking and auditing mechanisms;
 - (f) targets for the recovery rate, along with a description of how the recovery rate will be calculated;
 - (g) an education and awareness program for consumers of oil, oil filters or glycol that includes all of the following information:
 - (i) information about the oil and glycol stewardship program specifying the products accepted by the program,
 - (ii) how and when consumers can return used oil, used glycol, used oil filters and product containers, including a list of return collection facilities and their operating hours,
 - (iii) the environmental benefits of participating in the oil and glycol stewardship program,
 - (iv) a description of the proposed methods for reusing and recycling used oil, used glycol, used oil filters and product containers,
 - (v) how the education and awareness program will assess consumer awareness,
 - (vi) how the brand owner will work with retailers to educate the consumers at the point of sale.
- (2) The Minister may require a brand owner submitting a proposal for an oil and glycol stewardship program to provide any additional information that the Minister requires to consider the proposal.
- 18W (1)** On or before May 30 in each year, a brand owner shall provide the Minister with an annual report detailing the effectiveness of the oil and glycol stewardship program during the previous calendar year, which shall include
- (a) the total amounts of used oil and used glycol, and the total numbers of used oil filters and product containers collected in the Province by the brand owner;
 - (b) the total amounts of used oil and used glycol, and the total numbers of used oil filters and product containers processed or in storage;
 - (c) the percentage of used oil, used glycol, used oil filters or product containers collected that was reused, recycled, recovered for energy, contained, or otherwise disposed of;

- (d) the overall achievement of recovery rate targets set out in the oil and glycol stewardship program;
 - (e) a description of the types of processes utilized to reuse, recycle, recover energy from, contain, or otherwise treat or dispose of used oil, used glycol, used oil filters, or product containers;
 - (f) list of return collection facilities and their operating hours;
 - (g) the location of processing or containment facilities for used oil, used glycol, used oil filters, and product containers;
 - (h) the types of consumer information, educational materials and strategies adopted by the brand owner;
 - (i) the annual financial statements, as prepared by an independent auditor, of the revenues received and the expenditures incurred by the oil and glycol stewardship program;
 - (j) a report on the assessment of consumer awareness of the oil and glycol stewardship program; and
 - (k) any other information requested by the Minister that relates to the oil and glycol stewardship program.
- (2) At the same time a brand owner submits its annual report, it shall provide to the Minister a statement in writing as to the total amount of oil, glycol, oil filters and product containers sold by the brand owner during the previous calendar year.
- (3) On receipt of the annual report submitted pursuant to this Section, if the Minister is not satisfied with the oil and glycol stewardship program, the Minister may require the brand owner to
- (a) amend the authorized oil and glycol stewardship program; or
 - (b) submit a proposal for a new oil and glycol product stewardship program to the Minister for authorization pursuant to Section 18U.

18X No person shall submit any information, report or record required by Sections 18R to 18W that is false or misleading.

4 Subsections 30(1) and (2) of the regulations are repealed and the following subsections substituted:

- 30** (1) A person must not destroy or dispose of a designated material listed in Column 1 of Schedule "B" in a landfill or incinerator on or after the implementation date prescribed in Column 2 of Schedule "B".

Prescribed Petroleum Products Prices

Order dated February 7, 2019
made by the Nova Scotia Utility and Review Board
pursuant to Section 14 of the *Petroleum Products Pricing Act*
and Sections 16 to 19 of the *Petroleum Products Pricing Regulations*

Order**M09072****In the matter of the *Petroleum Products Pricing Act*****- and -**

**In the matter of prescribing prices for petroleum products
pursuant to Section 14 of the *Petroleum Products Pricing Act* and
Sections 16 to 19 of the *Petroleum Products Pricing Regulations***

Before: Roland A. Deveau, Q.C., Vice-Chair

Whereas the purpose of the *Petroleum Products Pricing Regulations* is to ensure just and reasonable prices for specified petroleum products taking into consideration the objectives of preserving the availability of such products in rural areas, stabilizing prices of such products and minimizing the variances in prices of such products across the Province;

And whereas the Nova Scotia Utility and Review Board (Board) considered the manner in which it would proceed to set petroleum product prices in its decision, 2006 NSUARB 108, issued on October 16, 2006;

And whereas the Board revised the wholesale margin effective January 4, 2013, in its decision, 2012 NSUARB 213, issued on December 12, 2012;

And whereas the Board revised the retail margin and the transportation allowance effective October 28, 2016, in its decision, 2016 NSUARB 168, issued on September 26, 2016;

And whereas the average of the average of the daily high and low reported product prices (in Canadian cents) for the week ended February 6, 2019, are:

Grade 1 Regular gasoline	48.83¢ per litre
Ultra-low-sulfur diesel oil	65.82¢ per litre

Now therefore the Board prescribes the benchmark prices for petroleum products to be:

Gasoline:	
Grade 1	48.83¢ per litre
Grade 2	51.83¢ per litre
Grade 3	54.83¢ per litre
Ultra-low-sulfur diesel oil	65.82¢ per litre

And now therefore the Board has determined, based on historical data regarding price changes and to achieve revenue neutrality, it is appropriate to apply, and the Board so orders, forward averaging corrections of:

Gasoline:	nil¢ per litre
Ultra-low-sulfur diesel oil:	minus 0.02¢ per litre

And whereas a winter blending adjustment of plus 4.75¢ per litre is required for ultra-low-sulfur diesel oil;

And now therefore the Board prescribes the prices for petroleum products as set forth in Schedule “A” effective on and after 12:01 a.m., February 8, 2019.

Dated at Halifax, Nova Scotia, this 7th day of February, 2019.

sgd: Lisa Wallace
Clerk of the Board

pursuant to Section 14 of the *Petroleum Products Pricing Act* and
Sections 16 to 19 of the *Petroleum Products Pricing Regulations***

Before: Richard J. Melanson, LL.B., Member

Whereas the purpose of the *Petroleum Products Pricing Regulations* is to ensure just and reasonable prices for specified petroleum products taking into consideration the objectives of preserving the availability of such products in rural areas, stabilizing prices of such products and minimizing the variances in prices of such products across the Province;

And whereas the Nova Scotia Utility and Review Board (Board) considered the manner in which it would proceed to set petroleum product prices in its decision, 2006 NSUARB 108, issued on October 16, 2006;

And whereas the Board revised the wholesale margin effective January 4, 2013, in its decision, 2012 NSUARB 213, issued on December 12, 2012;

And whereas the Board revised the retail margin and the transportation allowance effective October 28, 2016, in its decision, 2016 NSUARB 168, issued on September 26, 2016;

And whereas the average of the average of the daily high and low reported product prices (in Canadian cents) for the week ended February 13, 2019, are:

Grade 1 Regular gasoline	51.66¢ per litre
Ultra-low-sulfur diesel oil	66.80¢ per litre

Now therefore the Board prescribes the benchmark prices for petroleum products to be:

Gasoline:	
Grade 1	51.66¢ per litre
Grade 2	54.66¢ per litre
Grade 3	57.66¢ per litre
Ultra-low-sulfur diesel oil	66.80¢ per litre

And now therefore the Board has determined, based on historical data regarding price changes and to achieve revenue neutrality, it is appropriate to apply, and the Board so orders, forward averaging corrections of:

Gasoline:	plus 0.20¢ per litre
Ultra-low-sulfur diesel oil:	plus 0.30¢ per litre

And whereas a winter blending adjustment of plus 4.47¢ per litre is required for ultra-low-sulfur diesel oil;

And now therefore the Board prescribes the prices for petroleum products as set forth in Schedule “A” effective on and after 12:01 a.m., February 15, 2019.

Dated at Halifax, Nova Scotia, this 14th day of February, 2019.

sgd: *Doreen Friis*
Clerk of the Board
