- (2) Subject to Section 8, a person or company must not distribute a security to which these regulations apply unless an offering document has been filed and a letter of non-objection has been issued by the Director.
- (3) An offering document is deemed to be an offering memorandum as defined in the Act.

Certificate of registration

- 5 A CEDC must file its certificate of registration as a CEDC issued under Section 11 of the *Equity Tax Credit Act* with the Director immediately upon receipt.

Revocation of letter of non-objection

- 7 (1) If, after issuing a letter of non-objection, it appears to the Director that the continuation of the offering would not be in the public interest or that any requirement of these regulations has not been or is not being complied with, the Director may revoke the letter of non-objection.
- (2) On receipt of notice of a revocation referred to in subsection (1), the CEDC and any other person or company trading on its behalf must immediately cease trading shares of the CEDC until the CEDC is notified by the Director that

- (c) that the expression of interest is not in any way a binding commitment to purchase shares under the offering.

Officers and directors

- 9** (1) The promoters, officers, directors and sales agents of a CEDC must be individuals who are suitable to act as promoters, officers, directors and sales agents and whose past conduct does not afford reasonable grounds to believe that the business of the CEDC will not be conducted with integrity and in the best interests of the CEDC.
- (2) At least 2 directors of the CEDC must be independent.

Minimum offering amount

- 10** (1) An offering document must state the minimum offering amount necessary to close the offering.

Amendments to offering document

Report after closing

19 No later than 30 days after the date of each closing of an offering, the CEDC must file a report with the Director in the form prescribed by the Commission showing the names, addresses and telephone numbers of the security holders and the number and purchase price of the shares each has purchased, and certifying compliance with these regulations.

Corporation or association with restrictive constitution

Special relationship with the CEDC

- 22** (1) Except as provided in subsections (2), (3) and (4), if a CEDC that is not a reporting issuer has met its minimum offering amount and has certified to the trustee that all conditions of closing have been met, and if the initial closing has occurred, the CEDC and every person or company who would be an insider of the CEDC if the CEDC were a reporting issuer, and every person or company who would be in a special relationship with the CEDC within the meaning of subsection 82(5) of the Act if the CEDC were a reporting issuer, is subject to Sections 81 and 82 of the Act and the related provisions of the Securities Rules to the same extent as if the CEDC were a reporting issuer and the person or company were an insider of the CEDC or in a special relationship with the CEDC.

Bona fide attempt to comply

24 If a trade is made by a CEDC in the *bona fide* and reasonable belief that there has been full compliance with these regulations, the failure of 1 or more security holders to purchase as principal, to receive an offering document or amendments to an offering document in a timely manner, or to receive any other materials required by the Director does not affect the application of the remaining provisions of these regulations, but only if

- (a) the CEDC exercised due diligence to ensure that the failure would not occur; and
- (b) the CEDC delivers the offering document or amendments to the offering document or other material required by the Director to the security holders on request.

Report of a trade

25 No later than 30 days after the date a trade is made under these regulations, other than a distribution made by a CEDC, the vendor must file a Form 2: Report of a Trade with the Director.

Cautions

The Nova Scotia Securities Commission has not assessed:

- the reasonableness or merit of the Issuer or the Offering;
- whether the Issuer has sufficient financing and managerial expertise to accomplish its stated objectives;

- whether management of the Issuer has the reputation and commitment to conduct the Issuer's business with integrity and in the best interest of the Security holders;

- whether any financial forecast or projection contained in this offering document has a reasonable basis.

Investment in small business involves a high degree of risk, and investors should not invest any funds in this Offering unless they can afford to lose a substantial portion of their investment. Potential investors should read all of this offering document, particularly the risk factors on page *(insert appropriate page number)*.

Potential investors should review the information concerning the background of the Issuer's officers, directors and other key personnel and consider whether or not these persons have adequate background and experience to develop and operate the Issuer and to make it successful. In this respect, the experience and ability to manage are often considered among the most significant factors in the success of a business.

After reviewing the "Use of Proceeds" on page *(insert appropriate page number)* potential investors should consider whether the amounts available for future development of the Issuer's business and operations will be adequate.

A Security holder may have rights of rescission or an action for damages in circumstances that are described in this offering document beginning on page *(insert appropriate page number)*.

**In the Matter of Prescribing Prices for Petroleum Products
pursuant to Section 14 of the *Petroleum Products Pricing Act* and
Sections 16 to 19 of the *Petroleum Products Pricing Regulations***

Before: Kulvinder S. Dhillon, P. Eng., Member

Order

Whereas the purpose of the *Petroleum Products Pricing Regulations* is to ensure just and reasonable prices for specified petroleum products taking into consideration the objectives of preserving the availability of such products in rural areas, stabilizing prices of such products and minimizing the variances in prices of such products across the Province;

And whereas the Nova Scotia Utility and Review Board (“Board”) considered the manner in which it would proceed to set petroleum prices in its decision, 2006 NSUARB 108, issued on October 16, 2006;

And whereas the average of the average of the daily high and low reported product prices (in Canadian cents) for the week ended April 13, 2011, are:

Grade 1 Regular gasoline	79.1¢ per litre
Ultra-low-sulfur diesel oil	83.0¢ per litre

Now therefore the Board prescribes the benchmark prices for petroleum products to be:

Gasoline:	
Grade 1	79.1¢ per litre
Grade 2	82.1¢ per litre
Grade 3	85.1¢ per litre
Ultra-low-sulfur diesel oil	83.0¢ per litre

And now therefore the Board has determined, based on historical data regarding price changes and to achieve revenue neutrality, it is appropriate to apply, and the Board so orders, forward averaging corrections of:

Gasoline:	plus 0.9¢ per litre
Ultra-low-sulfur diesel oil:	plus 0.9¢ per litre

And now therefore the Board prescribes the prices for petroleum products as set forth in Schedule “A” effective on and after 12:01 a.m., April 15, 2011.

Dated at Halifax, Nova Scotia, this 14th day of April, 2011.
