

## THINKFARM Photo Contest!

Do you dig being a farmer? Do you have farm photos?

Then you can help show the public what a great career in farming looks like!

Send us a photo of you at work on your farm (with your passion for farming strongly evident) and we'll replace the current photo on our Facebook Front Page with yours

And as if Facebook fame and representing the amazing energy of Nova Scotia farmers weren't prize enough, we'll make a poster out of the winning entries and send you a copy.

Facebook cover photos are fussy. The photo must be horizontal and the farmer should occupy only about one third of it, otherwise they'll get cropped out. Also, the farmer should be to the right in the photo, so they don't get hidden by the profile pic. For example, here is the original pig photo

showing the portion that was still visible after we put it on Facebook. Finally, the photo should be approximately 2500 pixels wide, so that it can be used in the poster.

To enter the contest, please email your photo submissions to [thinkfarm@gov.ns.ca](mailto:thinkfarm@gov.ns.ca).
