MESSAGE FROM THE CHAIR AND THE PRESIDENT

On behalf of the Nova Scotia Housing Development Corporation, we are pleased to present the corporation's 2007-2008 Business Plan.

In concert with the Department of Community Services, the corporation provides the base upon which to build healthy and sustainable communities and the foundation for Nova Scotia's families to grow and prosper. Access to safe, adequate and affordable housing is fundamental to personal well being, providing a safe place for families to live and raise children, and enabling them to participate in the social and economic life of the province.

Beginning in 2007-2008, the corporation will be assessing its current lending practices and identifying new lending opportunities that will enable government to maximize its investment in social and supported housing. This multi-year project will begin with preliminary background research with the goal of having a clear position, mandate and policy on mortgage lending.

Sincerely,
