**REPORT
OF THE
SUPERINTENDENT OF PENSIONS
ON THE
ADMINISTRATION OF THE PENSION BENEFITS ACT
FOR
THE YEAR ENDING MARCH 31, 2003**

**TWENTY-FIFTH ANNUAL REPORT ON THE
ADMINISTRATION OF THE PENSION BENEFITS ACT
FOR THE PERIOD ENDED MARCH 31, 2003**

INTRODUCTION

In accordance with Section 94 of the *Pension Benefits Act* (RSNS, 1989, ch. 340), the Superintendent of Pensions is required to report annually to the Minister. This Report covers the affairs and transactions of the fiscal year 2002 - 2003.

The *Pension Benefits Act* governs employer-sponsored pension plans established in respect of Nova Scotia employees. It does not apply to employees engaged in work that is subject to federal jurisdiction, nor does it apply to the pension plans established for provincial public servants, teachers, judges, members of the legislature, or Sydney Steel Corporation.

The main objective of the *Pension Benefits Act* is to safeguard employee entitlements to benefits promised under pension plans. This is accomplished through the establishment of minimum funding standards and minimum benefit standards in respect of eligibility requirements, vesting and locking-in, employer contributions, transfer rights, spousal benefits, prohibitions against sex discrimination and disclosure of information.

The Superintendent of Pensions, Pension Regulation Division, is responsible for the administration of the Act.

Based on information collected by the Division and provided to Statistics Canada 83,489 members participated in 463 pension plans regulated by the Division at January 1, 2002.

PENSION BENEFITS STANDARDS LEGISLATION

In addition to the *Pension Benefits Act* of Nova Scotia, pension benefits standards legislation has been enacted by the following governments:

Canada	Pension Benefits Standards Act, effective October 1967. Revised effective January 1, 1987.
Ontario	The Pension Benefits Act, 1965, effective January 1, 1965. Revised effective January 1, 1988.
Saskatchewan	The Pension Benefits Act, 1967, effective January 1, 1969. Revised effective January 1, 1993.

Quebec	Supplemental Pensions Plan Act, effective January 1, 1966. Revised effective January 1, 1990.
Manitoba	The Pension Benefits Act, effective July 1, 1976. Amended January 1, 1990.
Alberta	Employment Pension Plans Act, effective January 1, 1987. (Replaced the Pension Benefit Act which was effective January 1, 1967).
Newfoundland	The Pension Benefits Act, effective January 1, 1985. Revised effective January 1, 1997.
New Brunswick	The Pension Benefits Act, effective January 1, 1992.
British Columbia	The Pension Benefits Standards Act, effective January 1, 1993.

The representatives of those authorities who have pension legislation meet on a continuing basis to discuss changes in the pension field and means of dealing with problem areas. Representatives of the various authorities are members of the Canadian Association of Pension Supervisory Authorities (CAPSA).

CAPSA is an interjurisdictional association of pension supervisory authorities whose mission is to facilitate an efficient and effective pension regulatory system in Canada.

During the year under review, CAPSA met in April 2002 and September 2002 in Quebec City and in Toronto in March/April of 2003. CAPSA members also participated in two conference call meetings held in June 2002 and January 2003. The meetings focused on development of a model pension law, defined contribution plan investment disclosure, plan governance, investment policy, and issues relating to the administration of multi-jurisdictional plans.

CAPSA continued work on a governance guideline and implementation tool, following public consultation on the drafts released in May 2001.

Representatives of CAPSA also participate in the Joint Forum of Financial Market Regulators. The Joint Forum discusses issues of common interest among Canadian securities, insurance and pension regulators arising from the growing integration of the financial services sector. Work continues on the development of basic investment disclosure principles for capital accumulation plans, which include defined contribution pension plans, group registered retirement savings plans, deferred profit sharing plans and employee profit sharing plans. The development of a common set of principles and practices for the sale of products and services by all financial intermediaries is another project of the Joint Forum. Public Consultation on the principles began on March 6, 2003. The Joint Forum also released a consultation paper in February 2003 proposing changes to the way information is communicated to consumers of segregated funds and mutual funds about their investment choices.

AGREEMENTS WITH OTHER AUTHORITIES

Agreements with the Government of Canada and other provinces having pension legislation provide for the reciprocal registration, audit and inspection of pension plans. Under these agreements, a pension plan subject to the legislation of more than one authority is supervised by the jurisdiction which has the greatest number of plan members. The regulatory body in the jurisdiction of registration applies the rules of other jurisdictions where applicable.

MEMORANDUM OF UNDERSTANDING

Statistics Canada and the Province have a Memorandum of Understanding respecting the employer pension plans under the custody and control of the Superintendent of Pensions. Under that Memorandum, information compiled by the Superintendent is submitted to Statistics Canada for the development of integrated social statistics for Canada.

The Province also has a Memorandum of Understanding with the Canada Customs and Revenue Agency (CCRA) to harmonize the exchange of data and information respecting employer pension plans under the control of the Superintendent of Pensions. Data from a joint Annual Information Return on pension plans is collected by the Superintendent of Pensions and shared with CCRA.

LEGISLATIVE REVIEW

On May 30, 2002, Bill No. 9 respecting amendments to the Pension Benefits Act received third reading in the legislature and took effect on January 1, 2003. The amendments include numerous housekeeping changes that harmonize the Pension Benefits Act with most other jurisdictions, as well as changes relating to the distribution of surplus on pension plan wind up, and changes to the Life Income Fund. On July 25, a consultation paper on draft regulations to accompany Bill No. 9 was released. On December 30, 2002, finalized regulations were approved under Order-In-Council 2002-607.

SUPERINTENDENT'S DECISIONS / HEARINGS / APPEALS

On November 14, 2002, the Superintendent issued a proposed order in respect of the Dalhousie University Staff Pension Plan. In the proposed order Dalhousie University was directed to pay pre-retirement death benefits to the named beneficiaries of two deceased Plan members in accordance with the provisions of the plan. Dalhousie requested a reconsideration of that proposed order, and a hearing was held on December 23, 2002. The Public Trustee took the position that Section 56(4) of the Pension Benefits Act prevented payment to the named beneficiary, and that payment of the death benefit of post-1988 benefits should be made to the members' estates. On January 7, 2003, the Superintendent issued an order directing that the pre-retirement death benefit, including the members' contributions with interest made on and after January 1, 1988 be paid to the named beneficiaries. Dalhousie University and the Public Trustee appealed that decision, and a hearing was held in the Supreme Court of Nova Scotia on February 4, 2003. Justice McDougall determined payment of the members' post-1988 contributions with interest should be made to the estates of those members.

NOTICES

On June 17, 2002, the Superintendent issued a notice to the media regarding illegal schemes offering easy access to locked-in pension funds. Participants in the schemes could lose a significant portion of the funds as “commissions,” and face large, unexpected tax bills.

OPERATION OF THE DIVISION

As at March 31, 2003, the Division was responsible for the supervision of 470 pension plans. Nine applications for registration were received during the fiscal year and seventeen of the filed plans were in the process of being wound up.

CONTRIBUTIONS

In accordance with Section 27(1) of the *Pension Benefits Act*, the administrator of a pension plan registered in Nova Scotia is required to file an Annual Information Return (AIR) outlining the contributions made to the pension plan and changes in plan membership.

Contributions and membership data from filed Annual Information Returns are compiled and forwarded to Statistics Canada for the inclusion in their Annual Report on pension plans in Canada. Information from the Return is also forwarded to Canada Customs and Revenue Agency.

Based on the Returns filed with the Division, total contributions for 2002 were \$333,894,290, up from \$277,278,252 in 2001.

The employee and employer contributions to pension plans under supervision for the year ending December 31, 2002, were as follows:

2002 CONTRIBUTIONS:

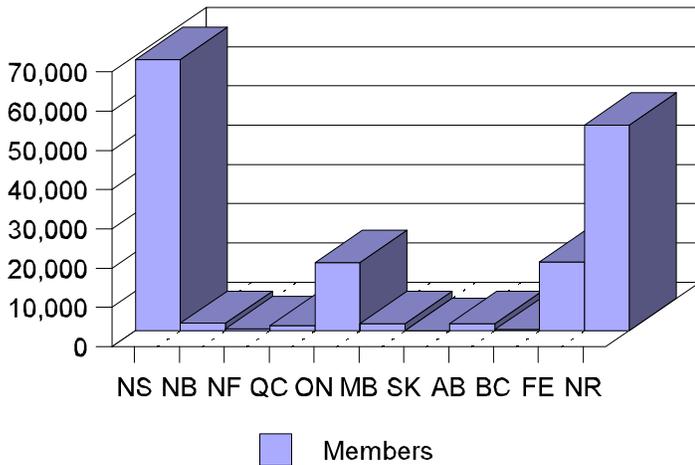

Employee Required Contributions	\$102,641,505	
Employee Voluntary Contributions	<u>6,599,899</u>

JURISDICTION OF PLAN MEMBERSHIP AND MEMBERSHIP COVERAGE

Information provided by Statistics Canada based on information collected by the Division indicates that as of January 1, 2002, there were 1,490 pension plans in all jurisdictions covering 163,463 Nova Scotia Employees. The Division supervised 463 plans covering 83,489 members; 15,411 of these members were employed in other provinces.

FE - Federal

N/R Not registered - these plans include the provincial plans for Civil Servants, Teachers, Judges, Members of the Legislature, and employees of Sydney Steel, as well as federal plans for the Canadian Forces, the RCMP, the Federal Public Service and the Members of Parliament.

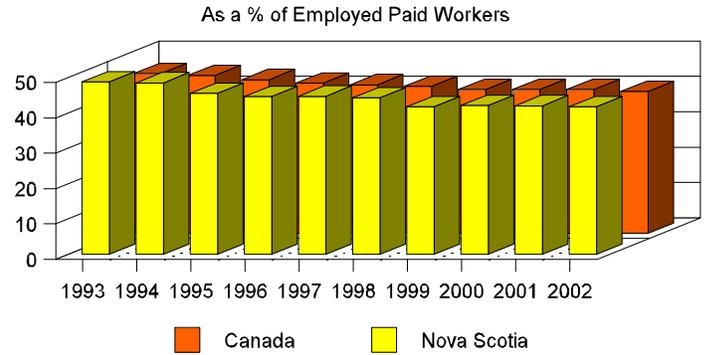

As shown below, participation of Nova Scotians in pension plans has declined slightly since 1993. Currently in Nova Scotia, 34.3% of the total labour force and 41.6% of employed paid workers participate in pension plans. Note that with respect to labour force coverage pension plan membership is potentially available to paid workers only; self-employed owners of unincorporated business, unpaid family workers and the unemployed are not eligible for membership.

(Excludes self-employed & unpaid family workers)

Nova Scotia has a higher than average proportion of paid workers in the public sector, where pension coverage is very high. Currently 54.5% of Nova Scotia pension plan members are employed in the public sector, as illustrated in the following chart:

Nova Scotia

During the period 1993 to 2002, the number of pension plan members in Canada, in the private sector, grew 9%, compared with a 1% decline in the public sector.

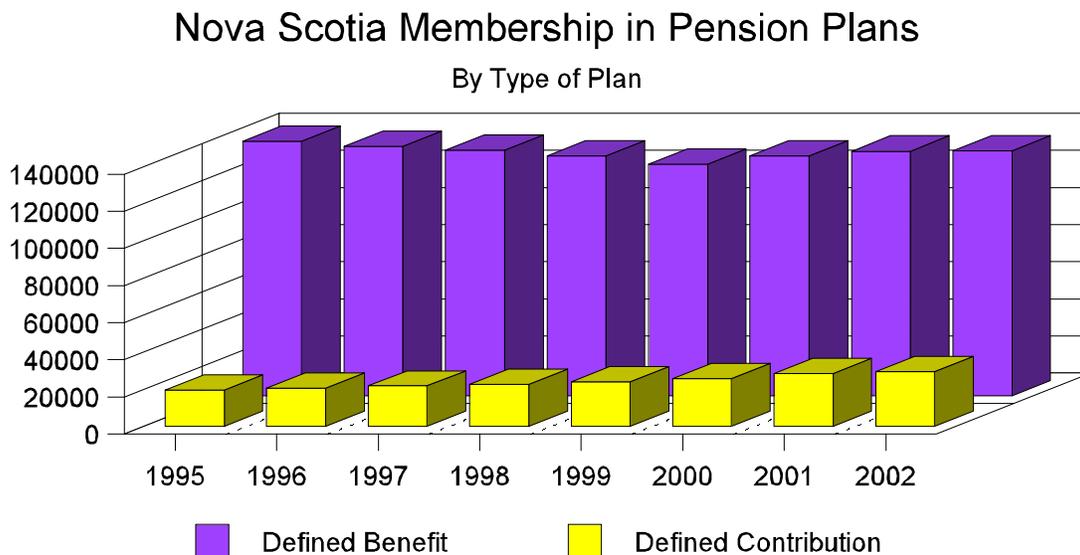

TYPES OF PLANS

Basically there are two main types of pension plans; a defined contribution/money purchase type; or a defined benefit type.

Under a defined contribution/money purchase plan, contributions required by the employer and/or employees are clearly defined. The resulting pension benefit for each employee is whatever can be provided or purchased by the accumulated contributions and investment earnings.

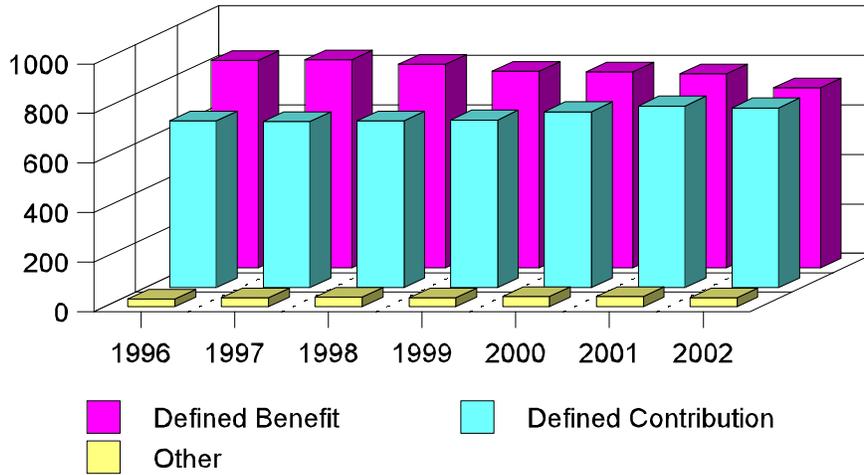

A defined benefit plan contains a specific formula as to the amount of pension each member is to receive. Effectively, the employer/administrator guarantees to provide this level of benefits and it is necessary for an actuary to estimate periodically how large the fund should be and how much should be contributed to ensure adequate funding of the benefits. To date, the most common type of plan is a defined benefit plan.

As of January 1, 2002, there were 29,389 Nova Scotia members participating in defined contribution plans, 132,236 participating in defined benefit plans and 816 in other composite/combination plans.

Membership in pension plans in other than defined benefit and defined contribution is insignificant and has not been included in the above chart. Participation in both types of plans increased between 2001 and 2002.

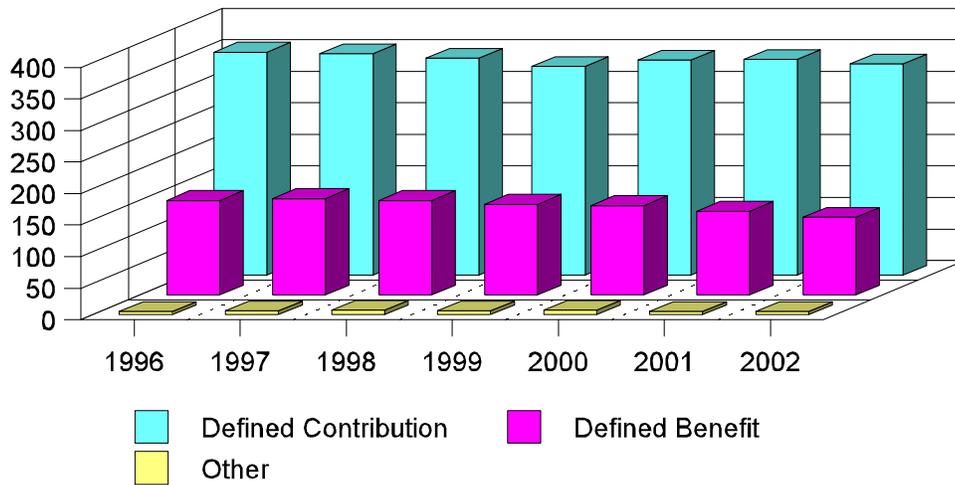

Plans with Nova Scotia Members

The number of defined benefit pension plans with Nova Scotia members declined 13% from 1996 to 2002. The number of defined contribution plans with Nova Scotia members increased by 8%.

The number of defined contribution pension plans registered with Nova Scotia declined 5.4% between 1996 and 2002.

Plans Registered in Nova Scotia

REVENUE AND EXPENDITURE FOR THE YEAR ENDED MARCH 31, 2003

Fees are payable in respect of all Applications for Registration of pension plans and for each Annual Information Return filed on a plan. The Registration and Annual Information filing fee is \$5.00 for each member of the pension plan in Nova Scotia, or in a designated province, with a minimum fee of \$100.00. The maximum fee is \$7,500.00 (increased from \$5,000.00, effective January 1, 2003). A late filing fee is charged in respect of Annual Information Returns submitted more than six months after the end of the fiscal year of the pension plan. The additional fee is 50% of the regular fee.

The fee payable for registration by a financial institution of a specimen Life Income Fund is \$1,000.00. From January 1, 2003, a fee of \$250.00 is charged for amendments to Life Income Funds specimen contracts.

The revenue derived from fees charged in respect of Applications for Registration, Annual Information Returns and Life Income Funds, amounted to \$259,476.

Direct operating costs for the Division for the fiscal year 2002/2003 were \$189,560.
