Prescribed Petroleum Products Prices

Order dated June 9, 2011

made by the Nova Scotia Utility and Review Board  
pursuant to Section 14 of the *Petroleum Products Pricing Act*  
and Sections 16 to 19 of the *Petroleum Products Pricing Regulations*

**Order**

NSUARB-GAS-W-11-25

**In the Matter of the *Petroleum Products Pricing Act*****- and -****In the Matter of Prescribing Prices for Petroleum Products  
pursuant to Section 14 of the *Petroleum Products Pricing Act* and  
Sections 16 to 19 of the *Petroleum Products Pricing Regulations*****Before:** Roland A. Deveau, Q. C., Member**Order**

**Whereas** the purpose of the *Petroleum Products Pricing Regulations* is to ensure just and reasonable prices for specified petroleum products taking into consideration the objectives of preserving the availability of such products in rural areas, stabilizing prices of such products and minimizing the variances in prices of such products across the Province;

**And whereas** the Nova Scotia Utility and Review Board ("Board") considered the manner in which it would proceed to set petroleum prices in its decision, 2006 NSUARB 108, issued on October 16, 2006;

**And whereas** the average of the average of the daily high and low reported product prices (in Canadian cents) for the week ended June 8, 2011, are:

|                             |                 |
|-----------------------------|-----------------|
| Grade 1 Regular gasoline    | 74.5¢ per litre |
| Ultra-low-sulfur diesel oil | 80.6¢ per litre |

**Now therefore** the Board prescribes the benchmark prices for petroleum products to be:

|                             |                 |
|-----------------------------|-----------------|
| Gasoline:                   |                 |
| Grade 1                     | 74.5¢ per litre |
| Grade 2                     | 77.5¢ per litre |
| Grade 3                     | 80.5¢ per litre |
| Ultra-low-sulfur diesel oil | 80.6¢ per litre |

**And now therefore** the Board has determined, based on historical data regarding price changes and to achieve revenue neutrality, it is appropriate to apply, and the Board so orders, forward averaging corrections of:

|                              |                     |
|------------------------------|---------------------|
| Gasoline:                    | nil per litre       |
| Ultra-low-sulfur diesel oil: | plus 0.9¢ per litre |

**And now therefore** the Board prescribes the prices for petroleum products as set forth in Schedule “A” effective on and after 12:01 a.m., June 10, 2011.

**Dated** at Halifax, Nova Scotia, this 9th day of June, 2011.

Clerk of the Board

Dear Warden and Council:

**Re: South West Shore Development Authority ("SWSDA") Guarantee**

As I indicated in my correspondence dated May 10, 2011, I am deeply concerned about the Municipality's response to the Royal Bank of Canada ("RBC") demand for payment of the SWSDA guarantee. The Municipality issued the guarantee in 2004 and since that time has continued to acknowledge it as a contingent liability on its financial statements.

As you are aware, RBC has offered to settle its claim against the Municipality based on the principal amount of the guarantee and forego any claims for interest. In exchange, RBC has indicated it would provide the Municipality with a full and final release of claims related to this matter.

In the circumstances, I believe that it is necessary for the Municipality to honour its obligations and make the necessary accounting of its liability to the RBC under the guarantee. **Accordingly, under the authority of Section 456 of the *Municipal Government Act* I am ordering the Council of the Municipality of the District of Argyle to accept the settlement with RBC as set out in my correspondence of May 10 and your meeting**

with Deputy Minister Malloy on May 18, 2011. The Municipality shall make payment to RBC in the amount of \$99,602.06. The acceptance of this offer and payment to RBC must be made on or before June 15, 2011.

My Department is prepared to work with the Municipality to ensure the settlement of this matter is made and appropriate releases are obtained from RBC.

In conclusion, I emphasize that the Province expects the Municipality to live up to the obligations that it has made and I, along with the residents of your Municipality, expect strong leadership from Council on this issue.

Yours truly,

The Municipality issued the guarantee in 2004 and since that time has continued to acknowledge it as a contingent liability on its financial statements.

As you are aware, RBC has offered to settle its claim against the Municipality based on the principal amount of the guarantee and forego any claims for interest. In exchange, RBC has indicated it would provide the Municipality with a full and final release of claims related to this matter.

In the circumstances, I believe that it is necessary for the Municipality to honour its obligations and make the necessary accounting of its liability to the RBC under the guarantee. **Accordingly, under the authority of Section 456 of the *Municipal Government Act* I am ordering the Council of the Municipality of the District of Shelburne to accept the settlement with RBC as set out in my correspondence of May 10 and your meeting with Deputy Minister Malloy on May 18, 2011. The Municipality shall make payment to RBC in the amount of \$144,925.29. The acceptance of this offer and payment to RBC must be made on or before June 15, 2011.**

My Department is prepared to work with the Municipality to ensure the settlement of this matter is made and appropriate releases are obtained from RBC.

In conclusion, I emphasize that the Province expects the Municipality to live up to the obligations that it has made and I, along with the residents of your Municipality, expect strong leadership from Council on this issue.

Yours truly,

Prescribed Petroleum Products Prices

Order dated June 16, 2011  
made by the Nova Scotia Utility and Review Board  
pursuant to Section 14 of the *Petroleum Products Pricing Act*  
and Sections 16 to 19 of the *Petroleum Products Pricing Regulations*

Order

NSUARB-GAS-W-11-26

**In the Matter of the *Petroleum Products Pricing Act***

- and -

**In the Matter of Prescribing Prices for Petroleum Products  
pursuant to Section 14 of the *Petroleum Products Pricing Act* and  
Sections 16 to 19 of the *Petroleum Products Pricing Regulations***

**Before:** Roberta J. Clarke, Q. C., Member

**Order**

**Whereas** the purpose of the *Petroleum Products Pricing Regulations* is to ensure just and reasonable prices for specified petroleum products taking into consideration the objectives of preserving the availability of such products in rural areas, stabilizing prices of such products and minimizing the variances in prices of such products across the Province;

**And whereas** the Nova Scotia Utility and Review Board (“Board”) considered the manner in which it would proceed to set petroleum prices in its decision, 2006 NSUARB 108, issued on October 16, 2006;

**And whereas** the average of the average of the daily high and low reported product prices (in Canadian cents) for the week ended June 15, 2011, are:

|                             |                 |
|-----------------------------|-----------------|
| Grade 1 Regular gasoline    | 74.7¢ per litre |
| Ultra-low-sulfur diesel oil | 81.1¢ per litre |

**Now therefore** the Board prescribes the benchmark prices for petroleum products to be:

|                             |                 |
|-----------------------------|-----------------|
| Gasoline:                   |                 |
| Grade 1                     | 74.7¢ per litre |
| Grade 2                     | 77.7¢ per litre |
| Grade 3                     | 80.7¢ per litre |
| Ultra-low-sulfur diesel oil | 81.1¢ per litre |

**And now therefore** the Board has determined, based on historical data regarding price changes and to achieve revenue neutrality, it is appropriate to apply, and the Board so orders, forward averaging corrections of:

Gasoline: minus 0.2¢ per litre  
 Ultra-low-sulfur diesel oil: plus 0.4¢ per litre

**And now therefore** the Board prescribes the prices for petroleum products as set forth in Schedule “A” effective on and after 12:01 a.m., June 17, 2011.

**Dated** at Halifax, Nova Scotia, this 16th day of June, 2011.

 Clerk of the Board
