## Registration of Undertaking for Environmental Assessment ENVIRONMENT ACT

This is to advise that on August 18, 2011, ScoZinc Limited's Environment Assessment Registration Document on the Southwest Expansion Project- Gays River Site, was registered for review as part of the environmental assessment process, in accordance with Part IV of the Environment Act.

The purpose of the proposed undertaking is to include the mining and processing of additional lead/zinc ore located immediately adjacent to the existing Gays River Mine in their overall mine plan. The currently permitted pit area is proposed to be expanded in a Southwest direction to complete mining and reclamation of this area.

Copies of the environmental assessment registration information may be examined at the following locations:
