

# NOTICE

## Registration of Undertaking for Environmental Assessment ENVIRONMENT ACT

This is to advise that on February 7, 2002, Inland Technologies Canada Inc. registered a Glycol Concentration Facility for environmental assessment, in accordance with Part IV of the Environment Act.

The purpose of the proposed undertaking is to handle and recycle spent aircraft de-icing fluids at the Halifax International Airport. Currently, de-icing fluids used at the Halifax International Airport are transported and biologically treated in Debert, Nova Scotia. The purpose of the proposed facility is to establish a more efficient and economic process to handle and recycle these fluids. Construction of the facility is proposed to commence following approval of the registration. The facility is scheduled to operate during winter and spring months, in accordance with the de-icing season.

Copies of the environmental assessment registration information may be examined at the following locations:

- C Canada Post, Postal Outlet, 206 Hwy 2, Enfield, NS
- C Colchester East Hants Regional Library - Elmsdale Branch, 753 Hwy 2, Elmsdale, NS
