## Submission of Additional Information for Environmental Assessment ENVIRONMENT ACT

This is to advise that on July 13, 2006, Glace Bay Lingan Wind Power Ltd submitted an addendum to the Lingan 10MW Wind Farm Environmental Assessment, in accordance with Part IV of the Environment Act.

The purpose of the undertaking is to construct a wind power generating facility to generate electricity for transmission via the existing NSPI grid. The project consists of construction and operation of five, 2-megawatt (MW) wind turbines near Lingan, Nova Scotia. The Proponent plans to begin construction in the fall of 2006 and operation to begin in late spring 2007.

The information presented in the Lingan 10MW Wind Farm Addendum report specifically addresses concerns regarding maps and written description of basic project details, depiction of project components relative to features such as the anemometer tower, WWII observation post, etc., description of the proximity to affected communities, issues raised by local residents and how they will be addressed, and proof of land ownership or permission to occupy the land.

Copies of the addendum may be examined at the following locations:

- Civic Centre, Cape Breton Regional Municipality  
320 Esplanade, Sydney.
