

NOTICE

Registration of Undertaking for Environmental Assessment ENVIRONMENT ACT

This is to advise that on August 12, 2010 Municipal Enterprises Ltd. registered the Hants County Aggregate Quarry Extension Project for environmental assessment, in accordance with Part IV of the Environment Act.

Municipal Enterprises Limited (MEL) owns and operates a quarry, located at 700 Panuke Road in Three Mile Plains, Hants County, Nova Scotia, called the Panuke Quarry. MEL is currently proposing to purchase and extend an adjacent quarry, the Hants County Aggregate Quarry, and incorporate its operations as a component of the existing Panuke Quarry by amending their existing Approval permit. The current operation at Hants County Aggregates is 3.9 hectares (ha) in area. The proposed extension of the existing Hants County Aggregates Quarry will incorporate land north, south and southwest of the existing quarry to increase the total size of the operation to approximately 13.9 ha. Proposed quarry activities (i.e. production levels, blasting and truck traffic) will be consistent with current quarry operations.
